

PRODUCT INFO

MARA[®] DISINFECT

No-rinse hand and surface sanitizer, 8 oz. bottle

Stay safe, stay healthy, stay clean and help stop the spread of disease

Mara[®] Disinfect is a versatile, alcohol-based solution that can be used two ways to help prevent infection and disease - sanitize your hands AND disinfect your work surfaces. It's suitable for anyone practicing safe hygiene indoors or outside - including office staff, medical personnel, first responders, factory and field workers, food service employees and families.

The gentle, antibacterial formula is developed in accordance with World Health Organization (WHO) guidelines. When normal hand-washing with soap and water is not available, WHO recommends only alcohol-based sanitizers to rapidly and effectively destroy potentially harmful microorganisms on the skin.

- Non-irritating, no rinsing required
- No added dyes or perfumes
- FDA-compliant
- Made in the USA
- Value-size bottle

Composition: Ethanol or isopropanol, glycerol and hydrogen peroxide. For external use only. Avoid contact with eyes. Keep out of the reach of children. Flammable: keep away from flame and heat. Store in air-conditioned or cool areas.

USAGE TIPS

Replace the cap with a pump or spray nozzle, or pour directly into smaller portable containers. Place a generous amount into palm and rub hands together vigorously until dry, taking care to cover both sides of hands and between fingers. To disinfect countertops, handles and other work surfaces, apply solution to a damp paper towel or clean cloth and wipe until dry.

Item Code 3605 62 001
Size 8 oz.
Case Qty 24

Not available for sale, distribution or use in Canada
